WINDSHIELD PROTECTION

Don't Live with Ugly Cracks. You Have Options.

Repair Is Often The Best Option

We will repair small chips or cracks caused by propelled rocks or stones on covered windshields:

- Experienced technicians who do work that is tried and proven
- Quality repair that minimizes the appearance and maximizes strength of the repair
- Eliminates the need for you to handle post-repair issues related to quality.

You simply call and we take care of the rest.

Replacement Can Be An Option

Your covered windshield will be replaced if it cannot be repaired. Signature Finish Windshield Protection provides you with sufficient coverage for your windshield for the duration of your service contract without the hassle or worry of dealing with a damaged windshield.

- Covers large chips, cracks, or breaks - over 6 inches long which are considered non-repairable
- All windshield mountings adhere to Federal Motor Vehicle Safety Standards and Regulations for mountings from the U.S. Department of Transportation.

No out-of-pocket deductible

Repair or replacement of your windshield is Sign & Drive.
